Main Street America

By J Duncan

On Saturday we had 8 cars sign up with 7 meeting up for our cruise to Seaport Village.

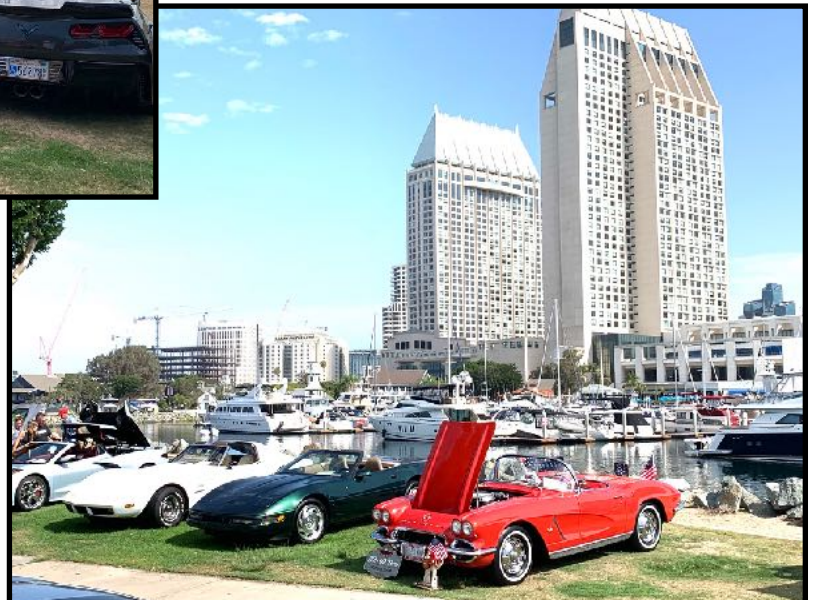

350 cars and a sold out show. We had primo parking for our Vettes. Each car got one free lunch with 3 great items on the menu.

This 32 Chevy offered some interesting facts about the car and the year.....what a beauty!

Maybe that psychedelic C7 would catch any eye or two OR maybe blind you as it goes by.

While the day, the cars, the venue, the food and the people were all great.....that was our award for the day, not bad at all.

Thanks to those who joined us.

General Motors Delivers 7,939 New Corvettes During the 3rd Quarter of 2022

By Keith Cornett - Corvetteblogger
Oct 3, 2022

General Motors released their 3rd Quarter [sales report](#) on Monday morning and it was a bit of a mixed bag for Corvette Sales. Chevrolet delivered 7,939 new Corvettes for the quarter, which was down 21.9% over the same time period last year, which saw 10,166 new Corvettes delivered.

For the Calendar Year to Date (January-September), a total of 25,380 new Corvettes have been delivered, and that is tracking ahead of last year's 24,748 deliveries during the same time period with a modest gain of 2.6%.

With the current calendar year total of 25,380 Corvettes produced, the assembly plant would need to build 7,661 Corvettes in 4th Quarter to equal the 33,041 total Corvettes produced in the calendar year 2021.
